

News from the AIS board

New AIS Head of School started August 1st, 2024

We are pleased to announce that Robert McCluskey has assumed the role as Head of School at AIS, effective from August 1st 2024

In our search for a new Head of School, it was essential to find a candidate with proven leadership capabilities who could support as well as develop and grow the school. We looked for a candidate with strong managerial skills to ensure a sound structure for our daily operations, as well as a clear vision for and understanding of education of children as part of the IB programme.

Robert McCluskey is a skilled, confident and approachable leader with a strong emphasis on driving a positive development. We are confident he will be able to guide, develop and grow our school through this next phase, as we move into the One Campus buildings and continue to grow as a school.

Robert brings a diverse background to AIS, including experience in the private sector with companies like Mærsk and IBM. Over the past 13 years, he has worked in education, serving in both teaching and managerial roles. Most recently, he was the Vice-Dean at Th. Langs HF & VUC in Silkeborg. Robert also holds an MA in History and English, a professional postgraduate teacher training, and a master's degree in Education Management.

Personally, Robert's family originates from Scotland, and he is fluent in both Danish and English. He lives with his wife in Silkeborg, and in his spare time enjoys outdoor activities such as hiking and kayaking.

Robert McCluskey succeeds Chris Hanna, who has decided to retire after 9 years as Head of School at AIS.

Please join us in welcoming Robert to AIS.

Best Regards,

Niclas Kvernrød
Chairperson
AIS Executive board
