Welcome Letter and Tips for Parents

Welcome to AIS

Dear Parents,

This handbook is designed to be helpful to you and your family as a member of the AIS community. Please use it as a reference when necessary.

We are now in our fifteenth year as a school, having opened our doors as an International Baccalaureate candidate school for the Primary Years and Middle Years Programmes on 15th August 2012. We received our MYP Authorization in January 2016 and our PYP Authorization in June 2016 and are now an IB World School for both programmes. The next IB Evaluation visit will take place in 2030.

We hope that you will find all staff, students, and fellow parents wonderfully friendly and supportive to you. I personally welcome you to the school and assure you of our constant support for your child and your family.

I am delighted that you have chosen to send your child to AIS and look forward to sharing many amazing experiences with you along the way.

Warmest wishes,

Head of School

IB Mission Statement

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate, and lifelong learners who understand that other people, with their differences, can also be right.

AIS Vision

Striving towards excellence through commitment to improving student learning

AIS Mission Statement

The mission of AIS is to provide a high-quality international education, which enables students to become socially responsible citizens, enthusiastic inquirers, and lifelong learners in a challenging and nurturing environment.

Our Values

Responsible
Caring
Respectful

03 Academic Programme

The International Baccalaureate Programme (IB)

At AIS, we encourage all our students to develop, through the learning and inquiry process, those attributes and traits that will enable them to become lifelong learners. These are embodied in the IB learner profile.

The Primary Years Programme (PYP)

AIS's International Baccalaureate's Primary Years inspired programme (PYP) provides our school with a philosophy and curriculum framework which aims to combine the best research and practice from a range of national systems with the wealth of knowledge and experience in international schools. PYP focuses on the development of the whole child as an inquirer, both in the classroom and in the world outside. It is an international, transdisciplinary programme designed to foster the development of the whole child. The PYP focuses on the total growth of the developing child encompassing social, physical, emotional and cultural needs in addition to academic welfare. The most significant and distinctive feature of the IB inspired Primary Years Programme are the six transdisciplinary themes. These themes are about issues that have meaning for, and are important to, all of us. The programme offers a balance between learning about or through the subject areas and learning beyond them.

04 Assessment of Student Progress in the MYP Programme

Internal Assessment

Regular formative assessment (finding out what students already know) takes place in each unit of study, with culminating assessment tasks (summative assessments, determining what students have learned) at the end of each unit of study. Peer, self and teacher assessment tools are used. Examples of these tools include extended writing, presentations, posters, performances, tests and quizzes, design and practical tasks, creative work, teacher notes and reflections. These varied assessments give each student the opportunity to show their understanding in a wide variety of ways. Reflection is an integral part of all learning and assessment, providing the opportunity for goal setting and improvement. All internal assessments are based on the following criteria

Abbreviation	Meaning
E	Exceeding Grade Level Expectations: <i>the student exceeds expectations regarding the level skills, knowledge or understanding of key concepts</i>
M *Target*	Meeting Grade Level Expectations: <i>the student has gained some but not all of the grade level skills, knowledge or understanding of key concepts</i>
A	Approaching Grade Level Expectations: <i>the student has gained some but not all of the grade level skills, knowledge or understanding of key concepts</i>
B	Below Grade Level Expectations: <i>the student needs additional support or practice to gain the grade level skills, knowledge or understanding of key concepts.</i>
N/A	Not Applicable: <i>Not covered this term or missed term work.</i>

External Assessment

External assessment in the PYP is undertaken in the form of MAP assessments. These external online assessments in Mathematics and Reading are used twice during the year from PYP5-8. The assessments are produced and administered by the Northwest Evaluation Association, based in the United States and are adaptive so that the questions are based on each previous student response. These assessments assist AIS teachers in placing students in the correct grade when they arrive at AIS, tracking academic growth, and identifying individual students' strengths and weaknesses within the areas of Math and Literacy. The assessments also enable the school to track student performance on a wider scale and measure performance against national standards and other international schools.

Reporting

A semester 1 report is issued in December and provides a current working level for each subject, along with a general comment on the student's overall progress and performance. A comprehensive semester 2 report, including end-of-year achievement levels, is shared with families in June. Throughout the school year, there is a Parent-Teacher Conference held in October. In March there is an optional two-way conference, providing an opportunity to discuss student progress, achievements, and next steps for learning. In addition, a Student-Led Goal-Setting Conference is held in May, allowing students to reflect on their learning, celebrate their achievements, and share their goals for future growth.

For more information on assessment at AIS, please see the AIS assessment policy posted on our website: <https://ais-aarhus.com/our-community/policies/>

Academic Honesty

Plagiarism – copying or getting someone else to do the work – is a form of cheating. Copying and pasting text from the internet falls into this category. We advise parents to be careful not to overstep the boundary between helping your child and doing the work for them.

The school will provide students with clear guidance to the effect that they must always:

- Acknowledge their sources, according to the MLA format, using parentheses to enclose the citations.
- Use quotation marks for all quoted material.
- Revise paraphrased material so that it is in their own writing style.
- Provide works cited list of every source used.
- Ensure that others do not copy their work.
- Ensure that the work they submit is actually their own.

The school subscribes to the software, 'TurnItIn'. This programme checks for online plagiarism and is integrated with Toddle. For further information please see the AIS Academic Integrity policy which is posted on the school website:

<https://ais-aarhus.com/our-community/policies/>

Accidents / Injuries

The safety of our students is our top priority, and the school will always work towards the promotion of student safety. First Aid training is part of the ongoing staff development programme.

If a student is hurt

Staff on duty in the playground or in the classroom will assess the student's injury and treat small knocks and scrapes as appropriate.

Parents and / or emergency services will be contacted immediately in the event of a known severe injury / serious illness. Children who are judged to be in serious pain / discomfort will have their parents and / or emergency services contacted immediately.

After School Programme (ASA / MAC)

ASA & MAC Daily After School Activities are for all PYP4-8 students who are enrolled in the programme. We aim at providing a space for students where they can engage in active and creative activities with their fellow students across ages within the Primary Years Programme. Each term offers a selection of activities, which completes our students' well-rounded day. We welcome our students' input when creating our menu of clubs to complement their full and balanced school schedules.

As of August 2026, we offer two options for students in PYP wishing to attend the after-school programme:

ASA: Daily After School Activities 07:00 – 08:00 & 14:00/15:00 – 17:00

MAC: Daily Morning and Afternoon Care 07:00 – 08:00 & 14:00 – 15:00

Please see AIS fees and terms on the school website: <https://ais-aarhus.com/admissions/>

ASA (After School Activities)

Our PYP After School Activities (ASA) programme allows students of different age levels to make friends and interact with each other in both structured and informal settings. Parents place children in ASA because of the supervised environment, the extension activities that are available, and the inclusive atmosphere which develops among the children attending.

Enrolling your child in ASA also allows your child to join Autumn, Winter, February and Easter camps during school holidays for no extra charge. Regardless of your or your child's needs, you can find an abundance of activities and games in a warm and welcoming environment.

Please email Hussein Abdi at ha@ais-aarhus.dk before 5th September to sign up for ASA. Sign-ups are also possible throughout the school year.

ASA will cover morning supervision (07:00 - 08:00) and regular afterschool activity hours 14:00/15:00 - 17:00).

MAC (Morning and Afternoon Care)

ASA provides morning (7.00-8.00) and afternoon care (14.00-15.00) every day. Afternoon care is for PYP 4 and PYP 5 students ONLY and the price for joining.

PYP 4 and PYP 5 finish their scheduled lessons at 14.00 every day and can either be collected at this time or sign up for MAC until 15.00 or ASA until 17.00. You can sign up for MAC (Morning and Afternoon Care) by contacting Hussein at ha@ais-aarhus.dk

PYP 7–8 students may arrive from 07:30 and wait in the atrium until 08:00 under supervision. This provides a calm and structured start to the day and is free of charge.

08 Attendance and Lateness

Teachers monitor and record attendance daily.

If your child is sick, please register this via Toddle, our online communication system. Please also register to notify the school of appointments such as the doctor or dentist.

We recognise that some parents choose to withdraw their children from school during certain religious holidays that are not holidays in the AIS calendar. If your child is going to be absent for more than 3 days of school, you are asked to fill in a form entitled Application for Extended Leave (which is part of the Leave Policy) and submit it to the Primary School Principal for approval. Please inform the school in good time so that account can be taken of the child's absence in our planning.

Scheduled lessons begin at 8:00 am each morning and students arriving after this time will be marked as late on Toddle. If your child has an early appointment, please inform the homeroom teacher in advance.

Please find the Planned Student Leave Policy on the school website: <https://ais-aarhus.com/our-community/policies/>

09 Birthdays

Student birthdays are celebrated differently depending on the PYP level at which a child is enrolled. Parents are asked to first check with the homeroom teacher before making any plans or preparations.

If birthday parties are planned to take place outside of school hours, the general practice is that the entire class is invited. Care needs to be taken so that these events are as inclusive as possible.

If students would like to celebrate their birthday at school with their homeroom, we encourage families to provide a healthy treat or snack that is individually packaged and can be taken home at the end of the day.

10 Bullying

AIS Statement on Bullying and Cyber-bullying

AIS defines school bullying in alignment with UNESCO's International Bureau of Education and UNICEF.

"School bullying is a damaging social process that is characterized by an imbalance of power driven by social (societal) and institutional norms. It is often repeated and manifests as unwanted interpersonal behaviour among students or school personnel that causes physical, social, and emotional harm to the targeted individuals or groups, and the wider school community."

(UNESCO, 2023)

Furthermore, AIS defines cyberbullying in alignment with UNICEF, who developed this definition through work with international cyberbullying and child protection experts.

Cyberbullying is bullying with the use of digital technologies. It can take place on social media, messaging platforms, gaming platforms and mobile phones. It is repeated behaviour, aimed at scaring, angering, or shaming those who are targeted. Examples are not limited to, but may include things like:

- sending hurtful, abusive or threatening messages, images or videos via messaging platforms
- spreading lies about or posting embarrassing photos or videos of someone on social media
- impersonating someone and sending mean messages to others on their behalf or through fake accounts
- engaging in sexual harassment or bullying using generative AI tools.

Face-to-face bullying and cyberbullying can often happen alongside each other. But cyberbullying leaves a digital footprint – a record that can prove useful and provide evidence to help stop the abuse.

(UNICEF, 2025)

All Members of the AIS community are expected to treat everyone with consideration, kindness, and respect and in alignment with school values. We urge that the term "bullying" is not used lightly. Cases of alleged bullying and cyberbullying will be investigated with the utmost care and will be handled on a case-by-case basis. Aarhus International School will act in accordance with this Behaviour Policy and the school wide Anti-Bullying Strategy.

For further information, please see the AIS anti-bullying strategy document here:

<https://ais-aarhus.com/our-community/policies/>

11 Code of Conduct

We believe that everyone at AIS has a significant role to play in developing the attitudes and behaviour of our students. We seek to foster compassionate and tolerant attitudes amongst our students and to promote honesty, integrity and responsibility. Students are expected to respect the rights, feelings and property of classmates, teachers, and all others; they are expected to exhibit cooperation and good citizenship in the classroom and during all other school related activities and they are expected to demonstrate courtesy, consideration and excellent manners toward all others in the community. Just as we intend to establish a tradition of academic excellence at AIS, so, too, do we expect student conduct to be based on high ethical standards.

School-Wide Positive Behaviour Policy

In PYP we operate a positive behaviour strategy based on the IB Learner Profile. The students are encouraged to consider these qualities in all areas of the school, both during the school day and in ASA time. For more information, please refer to the School-Wide Behaviour Policy on the school website: <https://ais-aarhus.com/our-community/policies/>

Responses to Unacceptable Behaviour

We focus first and foremost on reinforcing positive student behaviours and recognizing and celebrating student successes in order to create an environment with a culture and positive tone at the school. First, the positive is to be noticed, recognized, and reinforced. Then, if and when necessary, appropriate measures of response will be followed to ensure that we are addressing student behaviour which does not meet the expectations we have at AIS.

In dealing with unacceptable behaviour we will always emphasise to the student that it is the behaviour that is unacceptable, rather than the student. We will explain that it is the behaviour that must therefore be modified and that this will be to the advantage of the student in the future. We will work with students to support them in creating a plan for improvement.

Other Types of Unacceptable Behaviour

Prompt and consistent action for minor or major incidents will be taken, and we will make the consequences clear to students, as well as providing specific support to help them avoid or modify their behaviour in the future. Positive support in the form of target setting through a behaviour plan may be recommended and parents will be advised accordingly.

The full policy can be found here:

<https://ais-aarhus.com/our-community/policies/>

Collection of Students

The safety and well-being of PYP students is paramount, and all PYP4-8 students must arrive at and leave the school premises in a safe manner. We would therefore ask everybody to be diligent in picking up your children when school finishes.

When we come upon unattended students after hours we bring them into the ASA, to make sure that they are supervised and safe. Parents will be informed by email, and if the situation persists the school will invite the parents for a meeting to discuss solutions. Ultimately, the school may insist the child is enrolled in the ASA or MAC, but we will always reach out and work thoroughly with parents to find the best solution.

Please see our Drop-Off and Collection Policy on the school website: <https://ais-aarhus.com/our-community/policies/>

14. Communication

Contact Guide - Staff

AIS employs well-qualified and experienced teaching staff from a variety of international schools and backgrounds. Regular PYP training and other professional development is provided for all staff.

General Communication Points

1. Students and parents should make their homeroom or subject teacher their first point of contact.
2. Parents are encouraged to make maximum use of sources such as the Parent Handbook, AIS updates (website), Toddle, parent information meetings and teacher/student interviews in order to be well informed on school matters.
3. We encourage open dialogue between parents and teachers. As teachers are busy people, we ask that you arrange a time to speak to your child's teacher rather than running the risk of them having to leave for a class or a meeting.
4. Address – Solve – Resolve is a 3-step process to use when offering suggestions and raising issues in need of attention. The first step, as always, starts with the homeroom or subject teacher. The second step is to meet with the PYP Coordinator or PYP Principal. A further option is to approach the Head of School. AIS welcomes your suggestions and feedback. This provides a forum of communication which supports home-school cooperation.

The following plan is based on the understanding that whenever a question, issue or problem arises the solution is first to be solved at its source. In any situation it is best to go to the person directly concerned in order to ensure that you:

- Gain first-hand information
- Get the complete story
- Achieve a quick response
- Support the concept of open sharing of information as an aid to assisting your child's learning.

The following issues should be addressed directly to the following member of staff:

Homeroom Teacher

- Absences
- Class equipment and requirements
- Homework
- Student behaviour
- General student progress
- Classroom and school relationships
- Questions about general day-to-day routines and expectations
- Teaching or classroom incidents
- Missing items
- Field trips and excursions
- Sporting trips
- Enrichment activities
- First point of contact for students in relation to class, curriculum or general school issues

Subject Teacher

- Subject-specific equipment and requirements
- Specific homework requirements or issues
- Subject-specific student progress
- Questions about specific field trips

PYP Coordinator (PYP1-8)

The main role of the Primary Years Programme (PYP) Coordinator is to help teachers strengthen their knowledge base and skills to ensure that the PYP is implemented according to IB standards. The PYP Coordinator works to help ensure that the fundamental concepts of the IB are met and that practices are in place to support the development of student performance. The PYP Coordinator is a member of the school leadership team and collaborates with all teachers in the PYP to develop a school culture that aligns to AIS's mission and that reflects the qualities of the IB Learner Profile.

The PYP Coordinator may be contacted for information regarding academics within the Primary Years Programme. The Coordinator can also be contacted regarding concerns about Toddler, the academic programme or more serious concerns about individual student progress or welfare. In most cases, the Coordinator will rely upon a team approach- including students, parents, teachers, and administration, as necessary- to understand and solve concerns that may arise within the academic programme.

PYP School Principal

The Primary School Principal works closely with the PYP Coordinator and Head of School to support the overall organisation and development of the Primary Years Programme. Responsibilities include overseeing timetables, staffing, cover arrangements, school events, field trips, budgeting, student behaviour management, admissions, assessment processes, and the day-to-day operations of the Primary School.

The Primary School Principal should be the first point of contact for day-to-day matters, questions, or concerns. Working collaboratively with students, parents, teachers, and administration, the Principal takes a team-based approach to understanding and resolving issues that may arise within the PYP, ensuring that the needs and wellbeing of all students remain a priority.

Head of School

The Head of School may be contacted in relation to whole school issues or more serious issues. To make an appointment please contact Mr. Robert at rmc@ais-aarhus.dk

15 Dress Code

All students in PYP4-8 must wear a school uniform when attending classes, with the exception of physical education.

The uniform consists of two parts: Top and Bottom

- For the “top” part, students have the choice of wearing a polo shirt (blue or grey), a T-shirt (blue or grey), a sweatshirt (blue), a zip jacket (blue) or hoodie (grey) all of which carry the school’s AIS logo in colour. These pieces, all produced by the Hummel company, can be purchased from <https://sportmaster.dk/aarhus-international-school>. Students can wear other jackets, coats and hoodies when they are outside in colder weather, but they must only be wearing uniform items when in lessons.
- The “bottom” part consists of either dark blue or black trousers or skirt. Denim is acceptable provided the trousers are dark blue, school acceptable in terms of style and length and do not have any holes or prints. Skirts and shorts should be just above the knee in length and may not be overly short. Short shorts are not acceptable. These pieces can be purchased at your preferred local clothing store. There is no dress code for shoes, but they must be safe and appropriate.
- Accessories such as school bags, water bottles, sweatpants etc. with the school’s logo can also be purchased from Hummel through the following company website: <https://sportmaster.dk/aarhus-international-school>

Dress code for Physical Education at AIS:

Students must bring a correct PE “kit” to class which consists of the following items and conditions.

- a. Shorts/t-shirt/ tracksuit bottoms/ long sleeved top (weather depending)
- b. Indoor sport shoes

Note: During instruction, jewelry should be removed and long hair should be tied back

16 Drugs, Alcohol, Tobacco

These substances are absolutely prohibited in school.

17 Emergency Contact Details

Please make sure you have provided the school office with daytime contact details in case of emergency, including a person other than a parent that we can contact in case the parents are not available.

Please contact Elena Fadersbøll on elf@ais-aarhus.dk to update your details.

18 Emergency Evacuation

Emergency procedures are displayed in school, and procedures for school evacuation are practiced regularly throughout the year.

19 Field Trips

Field trips are an important part of a student's learning experience. Field trips will always be used to enhance students' understanding of curricular learning targets as well as, on occasion, for development of important learning skills. Students will engage in such learning experiences off campus on a regular basis. Trips which involve an overnight stay may be preceded by an information meeting. Parents will be asked to contribute to the cost of these trips - the cost is dependent on the scale of the trip. Students in upper PYP participate in overnight trips within Denmark in the month of May each year. PYP 7 students participate in a 2 day/one night trip in Jutland, while PYP 8 participate in a 3 day/2 nights trip usually to Copenhagen.

Our Overnight Field Trip Policy is available on the school website:

<https://ais-aarhus.com/our-community/policies/>

20 Health Services

Please make sure that you have given the school the name and contact details of your own doctor, as according to the Danish procedures the school will contact the student's own doctor first in case of accident or illness during the school day. The school nurse from Aarhus Kommune will invite all PYP 4 and PYP 7 students to visit during the year to perform routine checks on height, weight, hearing and vision, and discuss general health issues. Please let us know if you do not wish your child to participate in these checks. Children in Denmark receive free dental treatment which is organised through your local municipal school. Please let your child's homeroom teacher know when your child has a dental appointment in school hours.

In case your child needs to take medication during school hours, we refer to the school's guidelines regarding Medication During School Hours and on School Trips which can be found here:

<https://ais-aarhus.com/our-community/policies/>

To prevent infection, the following guidelines apply regarding when a child can return to school after being ill: Children should be kept at home if

- they have a weakened general condition, i.e. if they are fatigued, lethargic, and appear ill.
- they have a fever (38°C or above).
- are showing acute symptoms such as coughing or sneezing.
- In cases of diarrhoea or vomiting, please ensure your child stays at home for 24 hours after symptoms have stopped before returning to school or kindergarten.
- lice – If your child is found to have lice they will need to be treated at home before they can return to school.

Homework

At AIS, we believe that meaningful homework can support student learning by reinforcing classroom experiences, developing independence, and strengthening the connection between home and school. Homework should have a clear purpose and be linked to current learning rather than being assigned simply for the sake of assigning work.

We trust our teachers to use their professional judgement when determining the type, frequency, and amount of homework that is most appropriate for their students and year level. Homework may include activities that consolidate learning, preparation for upcoming units, independent inquiry, practice of key skills, or the completion of unfinished classwork when necessary.

One consistent expectation across PYP 4–8 is that students read regularly at home. Daily reading is an important part of developing literacy skills, building knowledge, and fostering a lifelong love of reading. We encourage all students to make reading a part of their daily routine. Teachers will communicate homework expectations with students and families as appropriate throughout the year, ensuring that tasks are purposeful, manageable, and supportive of student learning and wellbeing.

Insurance

The school does not have insurance covering the child per se. In Denmark, a child is covered through their parent's insurance; this means we do not cover dental injury, broken glasses, etc.

AIS also has professional liability insurance covering the damages for which the school can be held responsible. In order for the school to be held responsible, it typically requires that staff at the school have exhibited negligence of one kind or the other such as playground equipment that is not maintained or lack of supervision of young children. However, when children play, unfortunately sometimes injury to people or damage to things can occur without it being the responsibility of the school or others. The school therefore recommends that all parents take out family insurance that usually covers theft and liability. An accident insurance covering personal injuries should also be considered. Do be aware, however, that medical care is free in Denmark and dental treatment is free for young people under 21 years of age.

There is specific and separate school-wide insurance related to field trips—repatriation and serious incidents are covered but items such as lost luggage are not. Please see the *AIS Field Trip policy* for issues related to field trip insurance. Please see the *Bring Your Own Device policy* (see below) for information related to IT device insurance.

Library

The library technician and subject teachers will lead the use of the library with students during lesson times. At certain times small groups of students will be working in the library. Students can only sign out books with the assistance of the library technician or library volunteer. MYP and upper PYP students can also check out eBooks through the AIS library website using their Student ID. Students are financially responsible for lost, stolen, or damaged books that they have personally signed out. We welcome donations of books for the library, especially those in the mother tongue languages of our students.

24 Lockers, Cubbies and Storage

Student cubbies are provided in the classroom of the homeroom teacher to store textbooks and personal items. These spaces are not locked and therefore, no items of value should be kept in these spaces. Coats and backpacks are usually left in the mudrooms or kept in the homerooms.

25 Lost and Found

The lost and found area is located in the mud room on the ground floor of the Dalgas building or under the stairs in the atrium. Parents are encouraged to sew labels on their child's clothing so that it can be identified and are encouraged to check this area when items are missing. The labeling of school uniforms is especially important so that the owners of the missing items can be identified.

26 Lunch

Students should bring a full healthy lunch from home.

Students have an opportunity to eat a small snack from 9.30 to 9.45 each day.

The PYP lunch period runs from 11.45 to 12.30 each day. Twenty five minutes are allocated for lunch and twenty minutes are to provide students with a break.

All students should bring to school:

- water bottle
- morning snack (e.g., fruit, bread)
- lunch
- afternoon snack if your child stays after 15:00

PYP 4-8 students eat lunch either in their classroom or the Atrium.

27 Toddle

Toddle is the management system used at AIS for attendance, curriculum and communication. All students, parents and teachers have their own individual login information and passwords. The teachers record all attendance via Toddle, and parents are required to log all absence via the system. All units, summative assessments and grades are recorded on the system and the student reports are generated from the system at the end of each school year. There are expectations in place for the use of Toddle at AIS, so that everyone gets the best out of the system (please see excerpt below). It is expected that parents and students log on to Toddle regularly so please contact Dennis (dd@ais-aarhus.dk) immediately if you experience any problems with logging into Toddle.

PYP Parent Expectations

- Log in to view academic information and tasks related to the UoI (Units of Inquiry).
- Log in to communicate and report student absences.
- Stay up to date on class calendar and help your child be prepared for their upcoming tasks, assignments and assessments.
- Read newsletters or any common information uploaded by the classroom teacher.
- Message teachers directly through Toddle, if appropriate.

28 Morning Break

PYP students have a 30-minute recess from 09.45 to 10.15 each day and it is recommended that they bring a healthy snack and a water bottle for this break. Snack will be eaten prior to recess time.

29 Mud Room

This is a specially designed room close to the exit of the playground areas in which student coats, gym clothes, extra clothing, outside shoes and boots can be stored. PYP classes use this room to change into outside clothing prior to the morning and lunch break times as well as changing back into inside clothing before returning to class. "Lost and Found" items will be stored in a section of the Mud Room which is available to both students and parents searching for lost items.

30 Parent Teacher Association (PYP4 - MYP5)

The aim of the PTA is to build healthy and productive relationships between parents, the school staff and the AIS board. The PTA represents the concerns of parents and organizes school and extracurricular events. The PTA also serves as a link between parents and the board. Members are elected for a 1-year term.

Parents and staff are welcome to contact any member with ideas, suggestions, or concerns. If you wish to receive email updates from the Parent Council, please email: pta@ais-aarhus.dk

31 Class Parents

Class parents act as a liaison between the teachers and parents. They help make sure important information reaches parents. They also help the teachers organise activities and events during the year, which helps to build a community spirit while also offering access to a network that is both supportive and community driven. This is a fun and sociable role that gets you more involved in the life of the school and allows you to contribute to the success of the school.

The Class Parent is nominated, appointed or elected at the first "Back to School" class meeting annually in August in cooperation with the homeroom teacher and/or Parent Council. As such, this volunteer position also serves as the representative of the Parent Council to the class in carrying out their program and assisting with the coordination of schoolwide activities such as Halloween, the Winter Fair and/or the International Festival.

Activities carried out by the Class Parent differ somewhat between the middle school (MYP) and the primary school (PYP) but may include:

1. Working with the teacher to ensure that all parents are receiving important communications from the school or Parent Teacher Association (PTA).
2. Finding parents to act as field trip supervisors when needed.
3. Welcoming new families to the school, ensuring they have all the information they need to join in with school/class activities and settle into Aarhus in general.

4. Promoting a sense of togetherness among the parents of a class by organizing one to two annual events to bring parents and students together. This is especially important at the higher grade levels as daily contact between parents is much less in comparison to the lower primary grades.
5. Helping to organize “reading parents” that come and read with the smaller children during school time.
6. Organizing end-of-year gifts, etc. for the teacher.
7. Liaising with the Parent Teacher Association when required.

Class Parent Volunteers: The Parent Teacher Association (PTA) is currently looking for volunteers and encourages both new and returning parents to volunteer. Ideally, it is best to have a new as well as a returning parent available to serve as “classparents”. In the case of too many volunteers, we will draw names and/or split the year into terms to accommodate as many volunteers as possible.

Parents and staff are welcome to contact any member with ideas, suggestions, or concerns. If you wish to receive email updates from the Parent Teacher Association (PTA), please email: pta@ais-aarhus.dk

Parking (at Dalgas)

There is no parking for parents on the Dalgas AIS campus.

A few spaces will be available for guest parking and a time limited “parking permit” must be obtained from the school office.

Visitors who use the school’s Dalgas parking lot for any length of time during school days need to pick up a temporary “parking permit” from the school’s main admin office and place it immediately in a visible location inside the front window of their vehicle. (Warning: fines are substantial for non-compliance.)

“Kiss and Drive”: Drivers using this designated area marked in white lines must always remain with their car. Use this area for a quick goodbye and then move on so the traffic continues to circulate.

SLOW, SLOW, SLOW (10Km limit), WALKING SPEED ONLY and REMAIN CAUTIOUS when entering, leaving, and using the parking lot at either campus. This is a danger zone in which children must remain safe.

Note: DO NOT USE the parking section at the end of the school’s driveway. These spaces belong to the apartment building. Fines for non-observance are swift and stiff!

Please note that there is an additional drop-off/pick-up area parking on Dalgas Avenue. If you park in this space, however, you will need to pay.

Pets

Pets are not allowed to be inside the school buildings or on school grounds. This is consistent with the need to provide students with a safe, secure and healthy school environment.

34 Physical Education

What we expect in IB Physical Education at AIS. Students must bring the correct PE kit to class:

- shorts/t-shirt/tracksuit bottoms/long sleeved top (weatherdepending)
- indoor sportsshoes
- outdoor sportsshoes
- jewelry removed
- long hair tied back
- water bottle
- towel and shower gel

If injured or ill, students should always bring a complete PE kit. PE lessons are inclusive, in that the lesson will be differentiated according to what students can do rather than what they can't.

Most lessons will be outside and, even if injured or ill, students must dress appropriately for the weather, including a coat and gloves if snowing, and sunscreen if sunny. In the practice of good hygiene and lifelong habits, and as a courtesy to others, students as of PYP7-8 must shower after physical activity. Twenty minutes' shower and change time is always provided after a cool down.

35 Religious and Political Messages

Religious and/or political messages may not be shared on campus or sent out to parents by AIS employees or non-school personnel as such messages may not be appropriate for all.

AIS is a non-religious and non-political school. At AIS, we acknowledge and celebrate many of the traditional holidays, but we consider those holidays to be secular holidays celebrated without any religious or political connection.

To help students understand the common aspects of all such holidays from around the world, AIS has developed the abbreviation "FFFLLL" which stands for "Family, Friends, Food, Love, Light, Laughter".

All of the aforementioned components can be found in yearly celebrations of all cultures of the world regardless of any political or religious aspects which might accompany them.

36 School Board

AIS is run as a non-profit organization by a school board. This board is partly appointed by local organisations and partly elected from the AIS community. The School Board meets six times per school year and is working continuously on the growth and development of AIS.

Current Board Chair: Niclas Kvernørd

Stationary/Supplies

Students in PYP 4–8 are welcome to bring their own basic stationery items if they wish. These may include pencils, a sharpener, an eraser, coloured pencils, scissors, a glue stick, a Post-it pad, and, for PYP 5 and above, a ruler and protractor. PYP 6–8 students may also wish to bring a compass. However, these items are optional, and the school will provide all necessary materials to ensure that students have everything they need for learning.

Student Support Services

English as an Additional Language (EAL)

At AIS, we recognize that the development of the English language is fundamental for our students to become successful learners. In alignment with the IB framework, AIS works to provide students with opportunities to engage in language learning in meaningful contexts, both in the classroom and beyond. English as an Additional Language (EAL) support is provided for students with the greatest needs in the English language, across the areas of: (1) oral language- listening and speaking; (2) written language- reading and writing, and (3) visual language- viewing and presenting.

PYP EAL support at AIS is currently provided by a trained EAL teacher (80% position) and lessons are held within the school day. Students are assigned to small groups based upon the homeroom teacher's assessment of the student's language acquisition levels and individual language needs. The groupings are flexible, and the goal is to provide targeted support for EAL students to help students advance through the phases of language acquisition. EAL support teachers are also scheduled to provide additional individual or small group EAL instruction throughout the academic day, as needed.

Special Needs/Inclusion

In the case that concerns arise in regard to a student's academic progress or individual needs, the homeroom teacher will be the main point of contact and he/she will be in close communication with the parents. If concerns for the student persist after in-class intervention, an initial team meeting will be called with the homeroom teacher and the School Counsellor to determine an appropriate course of action. Please refer to AIS's current Inclusion Policy for more specific information and details regarding this process.

School Counsellor

In the case of concerns about a student's behaviour or well-being, a meeting will be arranged with the homeroom teacher and the parents in the first instance, after which it may be recommended for the student to see the school counsellor.

PPR

Pædagogisk Psykologisk Rådgivning/Pedagogical and Psychological Guidance or PPR for short, is an organization within Aarhus Kommune who partners with schools to provide pedagogical support and guidance. AIS has a PPR psychologist who works directly with the school and our students to provide support for students who need extra help with academic and/or social and emotional issues. They assess students' needs and can provide support in the process in case additional services, or referral for further testing, might be needed for a student. Students are referred to PPR by the school team as necessary, and parents are kept fully informed, and meetings organized only with explicit consent and agreement from the family.

39 Technology

The PYP4-8 at AIS operates a 2-tier technology policy. In PYP7-8 a BYOD (Bring Your Own Device) programme is in place. We require all PYP7&8 students to Bring Their Own Device. Parents need to purchase a device (computer) for their students with an operating system capability of Windows 11 a minimum 8 GB RAM, a minimum 256 GB storage space, along with a charger and a secure carrying case for their device.

Minimum Mac laptop specifications: For optimal compatibility with Microsoft 365 applications, Apple hardware should meet the following minimum specifications: an M1 (SoC) with 8 GB of RAM.

Apple laptops manufactured prior to 2020 are not recommended due to potential software compatibility issues and their approaching end-of-support lifecycle. A laptop computer (PC or Mac) is recommended for parents who are purchasing a new device for students entering PYP 7&8.

If your child already has a tablet at home with an operating system capability of Windows 11 or similar, then a tablet can be used but keep in mind that a laptop computer (PC or Mac) is required as of the MYP 3 level.

AIS will provide Microsoft Office 365 Online for each student, which includes a personal student email account. The homeroom teacher will then provide a username and individual password for each student. Specific instruction is aimed at helping students to locate appropriate educational resources, to use technology as a tool for research and to assist them in creating presentations and videos to share what has been learned.

The devices should remain with the students and should not be left in school overnight. All devices should be fully charged and ready for use.

Students in PYP4-6 will have access to a class set of iPads. These have educational apps already downloaded and are used under the direction of the teacher.

In order to foster a collegiate and focused learning environment undistracted by technology, students in PYP 4-8 may not use their mobile phones at all during the school day. The phones will be stored in the students' locker or bags at the start of each school day. Please do not call or text your child during the school day as they will not be able to answer. Students who do bring their phones to lessons will be given a warning and then will complete a reflection sheet and be reminded of the policy. Messages can be delivered via the school office in emergencies or for urgent messages.

All student users of the AIS internet will be required to comply with the terms and conditions expressed in the Educational Technology Policy. This document, which is signed by all students and parents at the beginning of the year, specifically states the rights and responsibilities of all internet users and requires all users to use their approved devices for appropriate communication, educational, research and collaborative work.

Visitors

Student visitors are not allowed on campus unless prior written permission has been granted by a member of the school's administration. Please contact the administration at least one week in advance of any request for such a visit as the related homeroom and/or subject teachers need to be informed accordingly. Any student visitor who does not live up to school's standards as set forth in the IB Learner Profile will be asked to leave the campus immediately.
